

PLEASE, do not do anything to weaken the N.J. Do Not Call List. These calls that come in, especially at dinner time, are annoying and these people do NOT hang up when you tell them NO. I was rushing my husband to the hospital one time and the jackass telemarketer would not get off the phone. After some "choice" words to him I slammed the receiver in his ear. PLEASE DO NOT GIVE THEM ANOTHER CHANCE TO DO THIS TO PEOPLE. As long as we are in our own home, we are entitled privacy and peace from the outside world.
